INTRODUCTION AND GENERAL INDEX

HILL DIRECTORY COMPANY, publishers of Southeastern Directories, present to subscribers and the general public, this, the latest edition of the Fayetteville City Directory. (In all, the HILL DIRECTORY COMPANY and its affiliated companies publish more than 1,400 City, County, State and National Directories).

Confidence in the growth of Fayetteville's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the City Directory is a mirror truly reflecting Fayetteville to the world.

The enviable position occupied by HILL's Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional people and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Fayetteville City Directory will fulfill its mission as a source of authentic information pertaining to the city.

Four Major Departments

The four major departments are arranged in the following order:—

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business Section, which embraces a list of the names and addresses of all business and professional concerns of the city, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the city. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified city like Fayetteville, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The City Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents, business and professional concerns is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Fayetteville, and the name, official personnel, nature and address of each firm and corporation in the city.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner-occupied homes, the listing of telephone numbers, new householder symbols, and Zip Codes.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

Municipal Publicity

The City Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site, and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the City Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Fayetteville.

These have, of course, attracted regional and statewide meetings and conventions of all sizes and types to both the motels and the Cumberland County Memorial Auditorium and Exhibit Hall complex. The latter also serves as an entertainment center for the area throughout the year with its 2,439 seat auditorium and the exhibit hall, both of which are completely air conditioned.

Downtown Fayetteville—Ever Expanding And Growing

TRANSPORTATION--Air--Barge--Bus--Rail--Truck--Few areas in the country are served by all these phases of transportation. Being situated geographically as it is, Fayetteville enjoys all of these.

With a constantly expanding modern airport, capable of accommodating most all equipment in use today, Fayetteville becomes more a center of transportation each day for southeastern North Carolina and portions of nearby South Carolina.

Water borne petroleum and liquid fertilizer that move inland ninety miles up the Cape Fear River are competitive into South Carolina and points in Virginia. Tonnage increases annually, and with the completion of flood and water control facilities upstream, should be spurred considerably.

Being situated on the main line of the Seaboard Coast Line Railroad naturally provides splendid service both north and south.

PARKS AND RECREATION--City of Fayetteville maintains 41 parks with areas totaling 354 acres under the direction and supervision of a full time parks and recreation director with a year 'round program of activities.

Fourteen miles downstream on the Cape Fear River, on N. C. 87, the U. S. Corps of Engineers maintains a beautiful park adjacent to the William O. Huske lock.

CHURCHES--There are some 200 or more churches in the area, representing most all faiths.

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

★ Out of Business ★

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

★

The City Directory is the natural medium for keeping a business or product name in the spotlight.
Insist on being well represented in its pages.

Do your employers furnish you with
the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

From pre-cut log cabins to custom-built homes

Regardless of whether you're looking for a "line-shack" or a multi-room lodge, Alta Industries has a line of over 20 standard models to choose from. The demand for pre-cut log cabins is increasing everyday and its no wonder: they're less expensive than "stick homes", can be built or finished by the buyer and are fast becoming one of the new status symbols of the 70's.

Representing Alta in this area is the Bill Lowder Agency. Model homes are available for inspection.

REAL ESTATE

Whether its existing homes, new homes, home sites or commercial

land, the Bill Lowder Agency features properties from the mountain-side to the sea-side.

CONSTRUCTION

Everything from pre-cut log cabins to custom-built homes. We build on your site or can provide the site, whether it be residential or resort. Utilizing quality materials, expert craftsmanship and imaginative innovations, the Bill Lowder Agency can provide you with a home you'll be proud of.

INSURANCE

The Bill Lowder Agency offers a complete line of insurance for your needs. Representing major insurance companies, the agency specializes in Home-Owners Insurance packages.

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

A book that'll hold your interest

A Home Federal passbook.

A book with a plot you can't put down.

A plot involved with all your hopes, dreams and plans.

A book with real life characters.

Three-dimensional, likeable people. Your relatives,
friends and family.

Interest? You'd better believe it!

Insured against the unexpected by
an agency of the federal government. The kind of interest that carries
the plot forward to a happy ending. The kind of
interest that helps the characters grow and develop.

A Home Federal passbook.

It'll hold your interest for years to come.

☆ Out of Business ☆

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*
